

Vision – Women Empowerment – **Hon.P.M. Narendra Modi’s Vision**

Hon. Mr. Narendra Modi took over the Prime Minister in May 2014. His priorities were well defined and Women Empowerment was on the top of the agenda. To quote his own words, before the general election he said in one programme –

“Women play a very important role in Nation Building as well as the country’s development journey. If we have to create a modern India we have to take pride in our women, we need to stop discrimination between men and women in society as well as in our families. Women should be free to choose, whether it is about their career, education, marriage or having a family. Only then can happen real women empowerment.”

Hon.Mr. Modi outlined his vision of women empowerment in details immediately after coming to power. As per our Indian culture Hon.Mr.Modi always refers all women as his Mothers and Sisters. In the Manusmriti it is clearly said that,

यत्र नार्यस्तु पूज्यन्ते रमन्ते तत्र देवताः ।
यत्रैतास्तु न पूज्यन्ते सर्वास्तत्राफलाः क्रिया ॥

Hon. Modi strongly believes in Indian culture and value system. Hon.Mr.Modi has great respect for women and his Women Empowerment plans does not aim at gaining Political mileage or are never made for temporary Political Gains. His Women Empowerment plans have the strength of his care, empathy and a natural love as a big brother for all Indian Women. His vision has a touch of his brotherly care envisaged in Indian culture. In his early days as Prime Minister hinted at removing the mental block prevalent in the lower middle and poor class Indian families towards role of women in the society. Unlike the earlier times Prime Minister Hon.Mr.Modi has started the women empowerment process from the bottom of pyramid i.e. for the women from the BPL and Poor class families, for the women from Schedule Casts Tribes and all the backward communities in India including the Tribal women, for the first time in India.

Hon. Mr.Modi’s vision goes beyond compulsions of vote bank politics. He is bold enough to declare to the world from the Red Fort through his first Independent Day address that lacs and lacs of schools in India does not have a toilet for girls. He promised to build those toilets for all schools within a time frame and did the same. A real first in Indian Politics.

In his peculiar style of working, which includes, ‘‘holistic thinking, integrated planning and mission mode implementation’’ he has started various missions for women empowerment right from the *Beti Bachao Beti Padhao* campaign. The details of all initiatives started by Hon.Mr.Modi are given elsewhere in this website.

Hon.Mr.Modi has time and again said,

सोच बदलो देश बदलेगा ।
अकेला मोदी क्या क्या करेगा ॥
